DANSEFORBUND

29th of April 2017 in Oslo, Norway

THE CITY OF OSLO

Oslo is one of Europe's fastest-growing cities, with a population approaching 700,000 and new neighbourhoods with eye-catching architecture popping up almost by the minute. The largest city in Norway is quickly transforming into a cosmopolitan hub with an abundance of world-class museums, restaurants, and art, while still maintaining the relaxed atmosphere of a much smaller town.

The city is nestled between the Oslofjord and hundreds of square kilometres of forested hills, and is green in more ways than one. The compact city centre is easy to explore on foot or by bike, and an efficient public transport system makes the whole of the city accessible without a car. Norway's capital since 1814, Oslo is home to the Norwegian government and the Royal Family.

The country's largest cultural institutions, which include the Norwegian Opera & Ballet, the National Theatre and the National Museum of Art, Architecture and Design, present first-rate art exhibitions and opera, ballet and theatre performances.

All the public transport in Oslo is part of the same ticket and price system, operated by Ruter. Ruter's tickets are valid for buses, tram and subways. You can buy tickets at Ruters shop at Oslo central station, or download the app Ruterbillett from the appstore and purchase your ticket there.
